REVOLUTION REPORTED
ON IN RUSSIAN POLAND
Austria and Serbia Resound
With March of Troops To-
wards Positions.

London, July 29.—Reports of
the meeting of armies in strategic
positions came from all points of Europe
today, but no actual clash of opposing
forces was realized.

Diplomats concentrated their atten-
tion on efforts to confine the war to
Austria-Hungary and Serbia, the two
nations immediately concerned in the
quarrel, and the attitude of the German
and Russian empires was closely
watched owing to their relations to
countries engaged.

Premier Asquith referred to the in-
ternational situation in the house of
commons, but all the information that
he was able to impart was contained
in a few words.

"The situation at the moment," he
said, "is one of extreme gravity, and
only say that the British government
is not relaxing its efforts to do
everything in its power to circum-
scribe the area of conflict."

"The British government has re-
ceived no information as to an alleged
revolutionary outbreak in Russia."

Austria-Hungary and Serbia re-
sounded today with the march of
troops toward positions of attack and
defense, while military aviators on
both sides flitted through the air along
the frontiers in an effort to discover
their opponents' positions.

It was known that the Austria-Hungarian
government had mobilized the entire
train service and that private
travelers in the dual monarchy
had ceased. It was learned from des-
patches from Serbian points that the
Serbian frontier was looked upon as
the most likely point of attack of the
Austrian troops, and thither the sol-
diers of King Peter were hurried in
great numbers.

The Montenegrin soldiers, evidently
prompted to support their brother
Serbs, also concentrated along the
Bosnian frontier.

The stock exchanges everywhere in
Europe were demoralized, and where
they were not closed business was
at a standstill.

David Lloyd George, British chan-
cellor of the exchequer today made a
tranquilizing statement in the house
of commons that the Bank of Eng-
land had nothing to do with the finan-
cial situation to make it necessary to
call a meeting of bankers to deal with
it.

Paris, July 29.—The Temps says
Boris was officially informed about
noon, July 29, that the Austria-Hungary
would demand the territorial integrity
of Serbia and wished to
obtain from occupying Belgrade,
the Serbian capital.

NOW PLANNED TO HAVE
THREE NAVAL MILITIA
COMMANDS IN CANADA

Ottawa, July 29.—From now on the
organization of the Canadian naval
militia will be pushed. Hon. J. D.
Brien, the responsible minister, has
returned to Ottawa.

There will be three commands of the
naval militia—one for the Pacific, one
for the Atlantic and one for the Great
Lakes. It is planned to enter the
service of the militia. The band
composed of 32 pipers and is led by
John Colville.

Within a year it is expected that
there will be 2,000 men enrolled and
three trained as militia men.

TWO BAND CONCERTS
AT THE CITY PARKS
SUNDAY AFTERNOON

Sunday will be Beethoven's day at
the East End park, and during the
concert a specially prepared musical
program will be offered by the High-
lander Pipe band of Edmonton. The
band will be one which will be
composed of the best. The band
composed of 32 pipers and is led by
John Colville.

At the South side of Riverside park
in excellent musical program will
be given by the 101st regiment band,
the finest of the kind in the city. This
is one of the most beautiful parks in
the west. It has received a great deal
of attention by the city. The band
composed of 32 pipers and is led by
John Colville.

NEW JUDGE SITS

IN EDMONTON FOR

FIRST TIME TODAY

Justice Ives, of Lethbridge,

Presides Over Supreme Court

Chambers Here.

TWO OTHER NEW JUDGES

HERE NEXT FORTNIGHT

Important Application in Case

of Standard Bank vs. North-

west Livestock Co.

Justice Ives, one of the three newly

appointed judges of the supreme court

of Alberta, made his first appearance

as a judge in Edmonton today when he

preside over the sitting of the

supreme court chambers. Justice Ives

took his seat in the ordinary way and

there was no reference to his appoint-

ment by the baristers present. L. P.

Chambers master in chambers for the

district, was among those in at-

tendance.

Justice Ives was until his appoint-

ment, a barrister practicing in Leth-

bridge and a member of the firm of

McCarthy, of Calgary and Justice Hynd-

man, of Edmonton, have not yet re-

turned to their duties. Justice Hynd-

man was in the east when the appoint-

ment was announced and has not yet re-

turned. It is expected that Justice

McCarthy will preside over the next

sitting of the supreme court chambers

in Edmonton next Wednesday and the

following week it is probable that Jus-

tice Hyndman will sit.

An important application was made

before Justice Ives this morning. In

the matter of the Standard Bank vs. the

Northwest Livestock company, the

latter firm is doing a large business

in cattle trading and the bank has

entered claim for judgment in their

favor for \$30,000, the amount of a loan

to the company.

The Northwest Livestock company

recently obtained an injunction re-

straining the bank from interfering

with its assets before an application

was made to be heard before a judge on August

1.

Application was made today for

judgment but this was opposed

by J. E. Wallbridge, acting on

behalf of the Northwest Livestock

company and C. A. Grant, acting on

behalf of the Tupper-Anderson im-

plement company. The application for

judgment was refused.

Later William Short, K.C., appeared

before the judge and stated that he

disputed the time during which the

injunction will be continued, until

August 12.

A number of other applications of

minor importance were also heard.

WESTERN ELECTORAL GREAT FEELING

United Forces of Progress Elect Officers for
New Federal Constituency—Hon. P. E.
Lessard Chosen President—Provision
Made for Representation of Rural Sec-
tions on Executive.

"There is a wave of liberalism
sweeping west," stated Alex Stuart,
chairman, at the meeting of liberals of
the new West Edmonton constituency,
in the old Presbyterian church, Six-
teenth street, last night. "A few weeks
ago the liberals made big gains in On-
tario. In Manitoba shortly after they
almost swept the Roblin machine out
of power, and the same thing is going
to happen in British Columbia soon.
We, in Edmonton, must work and
make sure that a progressive
representative of liberalism is elected
for this constituency." This is
Mr. Stuart's first appearance in politics
in these years.

The supposed dissensions, if there
were any other than those which al-
ways exist, were put to rest by Stuart,
in which the people are supposed to
have ideas of their own, wherein
liberalism differs from conservatism,
must have faded into thin air at last
night's meeting.

For a considerable time before 9
o'clock, the opening hour of the meet-
ing, a crowd large enough to fill all
the sitting and standing room of the
old Presbyterian church, Sixteenth
street, in which the meeting was held,
assembled, and practically every man
stayed till all the business was finish-
ed and after Hon. Frank Oliver had
made a short address. There seemed
to be a political electricity in the air
with which every man present was
tingling in his finger tips.

The organization of a liberal associa-
tion for West Edmonton was the
chief business of the meeting, and the
first office which was contested was
that of president. For this position,
two were nominated—Hon. P. E. Lessard
and Alex Stuart, K.C. The former
was elected by a large majority, after
which Mr. Stuart stated that he was
elected by a large majority, which was
done. Mr. Stuart's graceful and
lucid address, in which he took ex-
ception to the nomination of one of
his supporters, dispelled any signs of
dissension at the meeting.

After it had been decided to pro-
ceed with the organization, H. Milton
Martin moved that a patron, three
honorary members, a president and a
secretary-treasurer be elected. He also
suggested that these be the leader of
the federalist opposition in the city and
the province, the cabinet representa-
tive of the district in the Alberta
government and the member for the
district in the house of commons. The
suggestion was acted upon and Sir Wilfrid
Laurier, Hon. A. L. Sifton and Hon. C.
W. Cross and Hon. Frank Oliver were
elected, all by acclamation, to the re-
spective positions.

There was an outburst of cheering at
the nomination of the names of the
chieftains in dominion politics, which
culminated in three cheers and a tiger.
On the suggestion of Alex Stuart, K.C.,
the president, a resolution was passed
that the president, secretary and treas-
urer be elected. The resolution was
accepted by acclamation. It was then
the election of Hon. P. E. Lessard. The
nomination was received with prolonged
applause.

A gentleman who gave his name as
P. J. Morrison, of the Telegic block, in
answer to cries of "name," took the
floor and in the face of considerable op-
position was heard to say that there
were young liberals who could not
associate themselves with the
liberal party as at present con-
stituted and said they would elect
him if their officers who had not been
nominated in any past dissensions. He
nominated Alex Stuart, K.C.

Next Alex Stuart addressed the meeting
and stated that he had promised to
accept the nomination if it was unani-
mously or nearly so, but if there were
any considerable difference of opinion
he would not accept. He took exception
to the manner in which Mr. Morrison
had addressed the meeting, saying that
he thought Mr. Morrison had lost his
temper.

Joseph Adair expressed the opinion
that he should ask permission of the
chair and the meeting.

Mr. Morrison attempted an explana-

CITY MUST LIVE UP TO AGREEMENT SAYS ORGANIZER

Magnus Sinclair, Executive
Board Member, in Interest
of Railway Dispute.

SAYS CONTENTION OF
EMPLOYEES IS RIGHT

Endorses Stand of Conductors
and Motemen in Matter
of Promotions.

"The motemen and conductors are
asking nothing more than that to
which they are justly entitled by the
terms of the agreement, under which
they are working for the street rail-
way department," declared Magnus
Sinclair, member of the executive
board of the International Association
of Street and Electric Railway Em-
ployees of America, this morning in
the Capital, "and I believe that the mat-
ter of dispute can be adjusted
amicably."

Mr. Sinclair is unassuming, quiet and
not an agitator. While he expresses
confidence that it will not be neces-
sary to strike in order that the rail-
way employees may be granted what
they seek in observance of the clause
requiring that promotions shall be
made from the ranks according to
seniority and ability, he does not
hesitate to say that the city must live
up to the terms of the agreement or
the road will be tied up.

Before Commissioners
Together with the members of the
committee from the local union, Mr.
Sinclair is holding a conference with
the board of city commissioners this
afternoon.

"We lay much stress on our labor
agreements," said Mr. Sinclair, "and
you know we are condemned and
severely censured by all people if we
ever break an agreement. The same
attitude should be taken by the other
side and employers should be sub-
ject to the same censure. We never
break an agreement, and if any of our
people do, we, as the international
body, condemn them. We insist on
our members living up to all agree-
ments, and we must insist that we
infiance the city shall live up to the
agreement."

The present agreement was reached
after much time and energy had been
expended on it, as well as considerable
explication. The men consented to
material concessions. They had asked
for an increase in the wage scale. This
was denied, even though the men
work under the scale of wages which
prevailed during 1911 and 1912. The
working arrangement, which was not
insist shall be observed was all that
the men got—not increase in wages.
The men stand by the agreement, as
it relates to the appointment of in-
spectors from the ranks, and we will
not permit our members to violate it
either in letter or spirit. We shall also
insist that the city stand by the agree-
ment, and we shall not permit a viola-
tion without exercising our fullest re-
sources to prevent it.

Had an interview with Mayor Mc-
Namara and found him courteous
and friendly. The value of the silver-
ware was not ascertained, but it was
an assurance when we talked with
him yesterday, and he could not. We
insisted in respect to the death of
Mr. and Mrs. Peter J. Rink, who were
killed when a car turned turtle
a week ago while turning a curve in
Edmonton, a city suburb.

Vanover, July 29.—Reginald
Seward, a chauffeur, was committed
for trial yesterday on a charge of man-
slaughter in connection with the death
of Mr. and Mrs. Peter J. Rink, who were
killed when a car turned turtle
a week ago while turning a curve in
Edmonton, a city suburb.

Rain Fell at Regina.
Regina, July 29.—Rain which fell
yesterday afternoon proved a blessed
relief after the period of drought to
which it marked the opening of the
exhibition and caused the postpone-
ment of a great many of the events
of the fair.

Parents Are
Looking For
Their Lost Boy

The mounted police have been asked
to look for a young 15-year-old boy,
Wesley Olmick, who left his home near
Vancouver, B.C., last night and has not
been seen by his parents since that time.

Wesley is a white-haired boy and has
dark eyes. He is about 5 feet tall,
weighs 110 pounds and is likely to be employed
as a section hand. He has an uncle
at 1011 Broadway street in section work
and the police will make inquiries
around there for him.

When last seen the boy had dark blue
overalls and old dark tweed coat, black
shoes and black hat. The police have
his photo and will be on the lookout
for him.

Decline That Have Occurred in Several
of the Leading Canadian Securities—

St. Petersburg, July 29.—A despatch from Belgrade says the
Servian capital has been bombarded and the bridge over the River
Save blown up.

Berlin, July 29.—The German Emperor and Emperor Nicholas
of Russia today exchanged telegraphic communications concerning
the international crisis.

Toronto, July 29.—A rumor is circulating in the Servian colony
here that the Servians all over Canada and the United States have
received orders to return to their country and that special ships have
been procured for their transportation.

Washington, July 29.—President Wilson kept closely informed
of the war situation in Europe today through reports from American
diplomats abroad, but there was no change in the attitude of mere
observation.

Stuttgart, Wurttemberg, Germany, July 29.—Socialist anti-war
demonstrations in this city today led to such serious collisions between
the manifestants and the police that the authorities called out
troops to cope with the disturbances. The district where most of the
foreign legations are situated was surrounded by police guards who
were attacked with volleys of stones by the people.

New York, July 29.—A Berlin cable says: "An extensive move-
ment of German troops towards the Russian frontier was ordered to-
day. The troops all equipped for field service moved immediately."

Paris, July 29.—France
continues to prepare for war. The
troops of the active army are gradu-
ally concentrating near the fron-
tier.

A military guard has been placed
in the great flour mills at Corbeil,
near Paris, which in the event of war
would be taken over by the
army. The bakers in Paris are lay-
ing in large stocks of flour and the
city authorities, to prevent all
possibility of famine in the capital,
started forming today a reserve
store of 15,000 tons of flour.

The police department is exerce-
ing a general surveillance over
Austrians and Germans in Paris,
where many thousands of them re-
side. The prefect of police today
ordered the discontinuance of the
service of the public at tables on
the sidewalks and on the terraces
in front of cafes in consequence of
disorders which have occurred
since the beginning of the inter-
national tension.

The government made an appeal
to the press to keep calm and care-
fully to verify its news concern-
ing the crisis before publishing it.

Toronto, Ont., July 29.—The manage-
ment committee of the Toronto stock
exchange met at noon today and de-
cided that the exchange should remain
closed all day. The committee will
meet again tomorrow to decide on
further action. "So far as I know now
nothing has occurred."

Edmonton Austrians Going To The Front

The loyal sons of 3,000 Austrian families living in Ed-
monton, have heard the call to arms and inquiries have been
pouring in to the office of the Ruthenian newspaper, Nowyny,
on Kinistno avenue, as to when they would be able to leave for
their native land in anticipation of a war with Russia.

At noon today a crowd gathered in front of the latest war
bulletins in the Nowyny newspaper, gathering as best they could
the more recent despatches from the front.

There are 3,000 Austrian families living in Edmonton and
district, many of whom have just recently come to Canada, and
it is these more recent arrivals who are most anxious to return
home to fight, as their home interests and property are still in
jeopardy. Those who have been in this country for a number
of years and have become settled are not so likely to go to
the front should war be declared.

The loyalty of the native Austrian is excelled by no other
nation on earth, and the official call to arms will be issued in the
native tongue in Edmonton papers tomorrow. Orders to this effect
were received today. Their native country will bear all the
expense of transportation and otherwise, and several hundred sol-
diers, some of whom have previously been enlisted in the service and
others who have not, will gather together at the word. It is
stated that in western Canada alone there are upwards of 150,000
Austrians that will start for the scene of war at a moment's notice.

He will make a speech at the Indus-
trial Association Luncheon to-
morrow.

CONTRACTOR SAYS HE PAID PREMIER FLEMING \$2,000

John Kennedy Unwillingly
Gives Testimony at New
Brunswick Probe.

PAYING MAN TO TAKE RAILROAD AS A GIFT

Carvell Does Not Believe Owners
Put in as Much as
Postage Stamp.

St. John, N.B., July 29.—John Kennedy, of Kennedy and McDonald, railway contractors, testified that he paid \$2,000 to Premier Fleming on June 13, 1912, at the Dalziel inquiry yesterday. "You ought to help us along with some money," he said, Kennedy's version of how Mr. Fleming's words were passing the hat.

The appeal was good for \$2,000, which Mr. Kennedy passed over to Mr. Fleming personally the next day. Mr. Kennedy was able to tell his story with considerable detail.

Since he was subpoenaed, in June, Mr. Kennedy has kept out of reach of the commission, making a long visit to Boston after an interview with Mr. Fleming and his brother. He admitted, with a little laugh, that he had not returned to give evidence willingly. The session was made interesting by the examination of the profit and loss account of the construction company. It was shown that since the new contract was arranged between the construction and railway companies, that the cost of construction work had been increased by 10 per cent.

This increase in the construction company's profit on the work done and is added to the progress estimates and included in the statement submitted to the government upon which the financial aid is based.

Mr. Carvell's analysis of the situation was to the effect that the govern-

ment is paying the entire construction cost of the railway and is now paying Mr. Gould about \$400,000 to accept it as a free gift.

"I don't believe that these people put even the price of a postage stamp into this railway," he remarked.

Charles K. Howard, right-of-way agent for the company, was giving evidence when the court adjourned. His testimony threw considerable light upon some of the right-of-way transactions which have been puzzling the court.

RAILWAY COMMISSION ORDERS NEW STATION AT COQUITLAM, B. C.

Ottawa, July 29.—The board of railway commissioners has handed down its judgment in the application of C.P.R. for an order approving the location of a station at Coquitlam, B.C. The burden of this application was assumed by the Coquitlam Terminal company, a real estate corporation desirous of having the station moved from New Westminster Junction to a point in Coquitlam nearer that company's property.

"Everything considered," says Chairman Howard, "the opinion of the board, that not with a view to assisting the sale of real estate, but in the general interest of the public the board should grant the company's application to erect its station for Coquitlam on the site east of Kingsway road."

REVOLTING TREATMENT OF THREE WHITE GIRLS BY CHINAMAN ALLEGED

Vancouver, July 29.—A revolting story of how three girls, all under 18 years old, were led astray by a sleek looking Chinaman, named Han Hoy, was related in police court here yesterday. The girls were waitresses in a Chinese restaurant. They were told to go to a Powell street house for their wages. There they found the Chinaman whom they alleged they lived with for several days before he would pay them their wages. A police officer who had been watching the house arrested the Chinaman.

Twelve Blown to Death
Cassel, Germany, July 29.—Twelve potato miners were blown to pieces today by the explosion of eight pounds of dynamite which they were working on in the Krakau mine near here.

PANIC OF 1907 IS NOT WORSE THAN PRESENT

of the brokers are in straightened waters," said President Freehold today.

Financial Toronto is today excited on account of the spectacular declines that have occurred since Saturday in several of the leading Canadian securities.

Business in grain future has developed to a volume unequaled by even the most sanguine, many Toronto investors having turned their attention to wheat in an effort to recoup their losses on the stock exchange. Financiers state that the panic of 1907 had no more severe effect upon Canadian securities than the present war scare. All are agreed that the intrinsic merit of the enterprises affected by the price decline has not been impaired.

Montreal, July 29.—The local stock exchange remained closed today and it is not improbable that it will stay so for several days to come. There is a general feeling of relief about the worst is over, unless Russia intervenes in the Austro-Serbian conflict. The opening of the local exchange will depend entirely on the action of the European powers and the developments on the London market.

It is pointed out here, in connection with the sensational drop in C.P.R., that the earnings for the year were \$4,000,000 which is equivalent to 14.3 per cent on the capital of \$20,000,000. The local banks were consulted before the exchange was closed yesterday and it was largely upon their advice that this step was taken. No complaints have been made so far. The banks have indicated their readiness to give all the aid necessary to tide the market over the crisis.

Chicago, July 29.—The directors of the Chicago board of trade held a special meeting this morning to discuss the advisability of closing the

board because of the present tense situation.

After reviewing the conditions the directors decided to let the board remain open for the time being, awaiting developments.

Although half an hour after trading had opened, troops of spectators crowded up the stairs and jamming the galleries, the trading in the wheat market had by that time subsided to normal proportions.

According to the official figures, the wheat market opened 5 to 45c lower than last night's close. Almost without exception the opening figures were the highest reached, the subsequent rebounds not sufficient to carry quotations at the point which trading began.

Assertions that foreigners were selling here and that export demand had come to a complete standstill after final prices came from Liverpool showing a decided fall there.

Announcement that all firms on the exchange had safely passed the clearing house brought forth no positive evidence of relief. The feeling of improved confidence because of no further loss has been secured was reflected by a lively advance from bottom prices. The upturn in some cases amounted to more than a cent a bushel.

Moore Jaw, July 29.—The first party of Austrians to answer the call of the committee at Winnipeg will arrive here this afternoon and will likely be composed of 20 or 30 who have lived in various parts of the empire. A large crowd of foreigners, including Hungarians, Hungarians and Serbians who have been employed in the city on various works. It is estimated that there are only 65 Serbians in the city and many of these are on the reserve list.

Duluth, Minn., July 29.—The Duluth board of trade opened today in a turmoil in flux, which took a step and abrupt fall of seven cents; opened off a half lower, and later dropped two cents more. Traders in wheat await more settled conditions. Flax was the big feature throughout the early hours of the session.

Herting, July 29.—The bourgeois in Herting and Frankfurt have suspended dealings for the settlement today.

Paris, July 29.—The close of the bourse was weak and quotations were purely nominal.

Paris, July 29.—At the French Foreign office, a pessimistic view of the general situation prevailed this evening. Officials there think the only hope of averting war is that Austria-Hungary recognize the determination of unity of view of Russia, Great Britain and France and that she modify her attitude towards Serbia.

St. Petersburg, July 29.—It is considered probable that if Russia goes to war, Emperor Nicholas will bestow the grand cross of the Russian Order of St. George on his second cousin, Grand Duke Nicholas, who is believed to be the only person in the empire who is not a member of the ruling family. The minister of war, as seconds in command.

Formal Complaint Entered.
London, July 29.—A telegram from Premier Pachich of Serbia, to the Serbian legation in London, registers a formal complaint in regard to the Austrian attacks on Serbian merchant vessels on the Danube. It says: "The Austro-Hungarian military and civil authorities fired throughout the day on July 26 without the slightest provocation from our side, and damaged three of our trading vessels at Kostolatz on the Danube. The Serbian flags were hoisted down and replaced by the Austrian colors. There were, however, no casualties."

Russian Military Activity.
Berlin, July 29.—Military activity on the Russian side of the frontier is confirmed by many evidences which have reached the ears of German officials, but it was stated here today that no mobilization order had been issued by Russian war office.

Private reports from the Russian frontier say distinct indications of the Russian military activity have been noticed here. The Russian regiments, which have been moving forward to occupy such important points as from the far as Wilna, Bialystok, Poland, have been served with 350 rounds of ammunition per man, while heavy purchases of forage have been made for the cavalry.

A number of German regiments have been moved toward the frontier in a precautionary measure. The men were in the new grey service uniforms and carried their field equipment.

There was the most intense activity in diplomatic circles here today, but no tangible developments were reported. The German crown prince arrived at Potsdam today and a family council was afterward held in the new palace.

London, July 29.—For months there have been reports that Germany would send all French expelled from Alsace-Lorraine and this caused great bitterness. It is believed the Kaiser will send the French army before entering Russia. A French-German war would be the first aerial war in history.

HOUSE OF COMMONS TO TAKE UP PHONE RULE BILL TODAY

Believed Nationalists Will Support
Amendments in Order
to Help Government.

SIX YEAR LIMIT TO DISAPPEAR ENTIRELY

Situation Remains Critical until
Attitude Towards Lord's
Proposals Made.

London, July 29.—The amending house rule bill will be taken up today. The government is expected to abandon the time clause or otherwise to reserve the option given to the committee in order to vote their own exclusion.

The Times says the government will give the bill a second reading in the House of Commons in order to restore it to much the same shape as that in which it was introduced in the House of Lords and to return it to the second chamber as their final terms of settlement. County Councils will be retained, but on one point the government will definitely give way, the six years' time limit will disappear.

The paper adds: "Many of the Nationalists refuse to believe that they will be asked by their leader to give any vote which will comply with the acceptance of the plan for the exclusion of part of Ireland from the home rule scheme. But if they do decide to support the government in their clear declaration to make the best of a bad position, they will probably decide to bring the home rule bill altogether. Accordingly it is understood that John Redmond will today advise his followers to give a qualified support to the amending bill so that the government shall not be embarrassed in this critical stage of the controversy."

"The vote of the majority at today's meeting of the Nationalist leaders will decide the vote of the whole party, and although the Nationalists may not be bound by the vote of the majority, they will probably decide to support the government in their difficult task of remodeling the bill in committee."

"The attitude of opposition will not be decided until they have heard Premier Asquith's speech in the opening of the debate. The government must remain critical and uncertain until the authoritative statements of the government's attitude towards the lords' amendments has been made."

Procession of Dead.
Duluth, Minn., July 29.—The bodies of the dead were taken from the morgue to the Marquette street cathedral last night. Thousands of persons in procession followed the hearse and great crowds lined the streets along the route of the funeral. Not a single policeman nor a soldier was to be seen. All having been ordered to remain away from the vicinity of the funeral cortege in order to avoid the emotional populace. Absolute silence marked the passage of the solemn procession.

SUPERIOR DOMESTIC
GIRL NOW IN EAST
WISHES COME HERE

P. T. Fisher, secretary of the Edmonton board of trade, has received a letter from an English domestic girl, who has been in a rather remote section of the province of Quebec since the outbreak of the war. She is 18 years of age. In the letter she asks for information as to the probabilities of her securing employment in Alberta. She is a higher grade than she now gets, which is apparent by low. Mr. Fisher has the letter on file and any employer may get the girl's name and address from him. He believes that the writer is a superior girl at her work and anyone reading the letter would think no too.

British Steamer Disabled.
Washington, July 29.—Captain C. E. Johnston of the revenue cutter Seneca reported today that he was towing into Halifax the new British steamer Sable, from Glasgow for Halifax, picked up ten miles off Cape Race, Newfoundland, totally disabled by the bursting of a high pressure cylinder.

Both countries are preparing for aerial warfare.

London, July 29.—Through the war cloud hung low over Europe throughout the day the situation took a sudden change for the better late today. Afternoon owing to these two important developments. The German government declared that the Austro-Serbian conflict of the hands of their foreign ministers and ambassadors and assumed personal charge of the issue. The Austro-Hungarian government permitted this authoritative announcement to be made here. Whatever action Austria-Hungary may be compelled to take, it will not be acquisition or retention of territory. Austria-Hungary desires only permanent security of her own territory and definitely to decide relations with Serbia. Austria's action is essentially defensive.

Rome, July 29.—Official dispatches from the government today from Vienna state that Austria-Hungary has concentrated over 300,000 men on the Serbian border. The remainder of her vast army will be kept on the northeastern frontier to prevent a possible attack by Russian or Roumanian troops.

The forces confronting Serbia are divided into three armies, commanded by General Foltner, General Von Frank and General Von Affenberger.

THE HUDSON'S BAY COMPANY.

We Want You to Investigate

This Company Thoroughly Before Investing.—Shares
Are Selling Fast—Get in AT ONCE

Our Prospects

We are the only people producing crude oil in Alberta today. This proposition is engaging the attention of oil experts, geologists, bankers, in fact the leading business men of the city and Province. Everyone who has seen our demonstrations has the same opinion—and terms it the best thing in Alberta. Our directors are business men of high standing, and this alone is sufficient to guarantee everyone a square deal.

Not a Speculation But an Investment

The shrewdest financial men see our proposition as revenue producer, inasmuch as we have the desired article and are going to manufacture various kinds of oil products. Our oil sands are yielding as high as 50 gallons of oil to the cubic yard, so this alone assures the public of the value of our deposits. All we need to do is to start manufacturing. We are without a doubt the Rockefeller of Alberta. Our president and manager has had thirty years' experience in the California fields, Kansas City Oil fields, and terms our find the best he has ever seen.

We Have the Goods—the Real Thing—We Are Going to Manufacture

W. B. Channel, President and Managing Director of the Company, has had 30 years experience in the oil business, and up to two years ago controlled the largest independent oil and manufacturing company in the United States, located at Kansas City, Mo. He is capable of running 85 per cent. of the by-products of crude.

The promoters have pooled their stock for one year, the Quebec Bank acting as trustee.

50,000 SHARES ARE OFFERED TO THE PUBLIC at par value of \$1.00
Proceeds of all Stock sold positively to be used for development purposes only. The safest and sanest proposition on the market today.

While thinking of this ratepayers will be quite unlikely to appreciate the conduct of the aldermen who were instrumental in delaying the negotiation of this loan until too late. It will be remembered that at the council meeting the matter was brought up by the mayor with a recommendation that immediate action be taken. A factious opposition was at once set up by Aldermen Calder, Smith and Douglas, with the result that Alderman Campbell's motion that the report be adopted and the offer accepted at once was laid over. The week's delay has cost the city the opportunity to secure the money it wanted on even better terms than those enjoyed by the province of Alberta. Owing to the delay, the city is now in the position where it must pay the rate of 6 per cent. on its loan to the bank, instead of having secured the money at 4 1/2%. The difference will be borne by the taxpayers in a year when taxes are none too easy to pay.

DRAMATIC SCENES FOLLOW ACQUITTAL MADAME CAILLAUX

Barristers and Republican Guards Come to Blows in Court Room.
RIVAL SYMPATHIZERS HOLD DEMONSTRATIONS
Paper Figaro Calls Decision Verdict of Shame and Greatest Scandal of Epoch.

Paris, July 28.—Madame Caillaux was yesterday acquitted by the jury in the court of assize of the wilful murder on March 16 last of Gaston Calmette, editor of the Figaro. The jury brought in the verdict after fifty minutes' deliberation and the announcement was followed by the wild tumults which were witnessed when Mme. Caillaux tottered and fell on

the neck of her counsel, Fernand Labori, and embraced him. Her hair was undone and fell over her shoulders; her hat dropped to the floor. The spectators stood up on desks and chairs. "Caillaux, Labori" and cries of "Caillaux assassin" merged into one. The din was deafening. Several groups of barristers came to blows and the republican guards, in an endeavor to separate them, joined in the melee. The spectacle of Labori and Caillaux, the latter counsel for the Calmette family, embracing each other, and the tumult of the court, which was redoubled when they left with Mme. Caillaux.

Judges Leave Court. Following Judge Labori, the other judges, marched out of the room. The advocates took complete possession of the court; some of them mounted the judge's desks and harangued the crowd. The guards then cleared a portion of the court and caused the group of barristers, came to blows and the republican guards, in an endeavor to separate them, joined in the melee. The spectacle of Labori and Caillaux, the latter counsel for the Calmette family, embracing each other, and the tumult of the court, which was redoubled when they left with Mme. Caillaux.

trial that Parliament courts have had to deal with in years. Each day provided its dramatic thrill, and although the verdict has been pronounced the outcome cannot be foreseen. The session of the court yesterday was devoted to speeches by counsel. Mme. Caillaux, however, received a money order paid and worn, and she collapsed during the course of the defense of Maître Chenu, who served her bitterly. The speech of the procurator general, Jules Herbaux, was unusually mild in tone. To the future he said: "Your duty as the defenders of the interests of society requires you to find a verdict of guilty but not one expects you to be pitiless."

Masterly Eloquence. Maître Labori, who came last, delivered a masterpiece of passionate eloquence. He concluded amid a tempest of applause: "My wish is that Mme. Caillaux shall leave her acquitted and that the press shall be purified. Let us keep our eye on her from several places, but not to face the peril which threatens us. Demonstration against the Caillaux verdict occurred in several places last night. In the boulevards the excited crowds discussing the merits of the case grew to large proportions, and when the jury's verdict became known there were shouts of derision and cries of 'Down with Caillaux.' Conflict with Police. In one section the mob became so disorderly that mounted republicans and police were badly summoned to assist the police in quelling the disturbances. A large number of police and rioters were injured and many arrests

were made. Maurice and Jean Rossignol, one of the dramatists, were among those taken into custody. The figure of Labori also was the scene of a demonstration. After dining at her home with her husband and a few friends, Mme. Caillaux, attended in a handsome evening gown, received a number of intimate acquaintances. "It is Maître Labori," she said, "to whom I owe the good fortune to be finally free. He pleaded with all his heart and I am profoundly grateful to him." The figure of Labori, comments on the acquittal of Mme. Caillaux, calling it "the verdict of shame and the greatest scandal of our epoch."

The paper follows this with an article on Gaston Calmette, headed "In memoriam." John Johnson, of Georgetown, Del., has been declared fit to be elected coroner. New making his first run.

AWFUL DANGER OF SENDING EXPLOSIVES THROUGH THE MAIL

Ottawa, July 28.—Notwithstanding urgent and repeated warnings of the postal department against the mailing of inflammable and explosive articles in the mails, cases will continue to occur and only the other day a man was convicted of this.

Two dreadful possibilities of fire on board ship don't require to be stated and there is almost equal danger in the mailing of a fire starting in the mails when on the postal cars.

Military Official Coming

Ottawa, July 28.—Major-General Macdonald, quartermaster-general, will leave on Saturday for a tour of inspection through the west. General Macdonald has retired of military stores, drill halls, ordnance stores, military clothing and the general administration of the militia department. On his coming back he will inspect the military work which is being done at different centers. He will return to the capital the first week in September.

Dry Round Moose Jaw.

Moose Jaw, July 28.—While the crop situation in the Moose Jaw district is not serious at yet, and so far no damage of very great extent has resulted from the continued hot weather and rain. Practically all the wheat in the district is just the blossoming stage and in some districts, owing to the hot weather, the grain is almost ripe, and not a few farmers state that with present conditions they will be harvesting in from 10 days to two weeks.

Last evening a W. A. P. representative was in touch with a great number of the farmers in the district for the purpose of ascertaining whether the farmers present that the crop had been very seriously damaged were killed by a hail of 12 feet from the top of the government elevator last evening. He was preparing to knock off after the day's work, a few minutes before six.

Head Gates Wrecked.

St. Catharines, Ont., July 28.—The steamer Surfer of the Keystone Navigation company, bound up, carried away two head gates of lock eight about 10:20 yesterday morning. It is said an engine centered as they were being raised, and before the ship could be checked she had struck the gates. The steamer was not injured and it is expected that navigation will be resumed early tomorrow morning.

DR. IVAN SENKLER OLD TIME ATHLETE DIES AT THE COAST

Vancouver, July 28.—Dr. Ivan Senkler, son of the late John E. J. Senkler, died at the coast. Dr. Senkler, of Vancouver, had been a short distance on the coast. He had been a long time in the Yukon and now a Victoria lawyer. Dr. Senkler was a famous athlete in his day. He was married to Mrs. Mary Senkler, an heiress of Toronto. His wife survives him. He was 67 years old.

Killed at Moose Jaw.

Moose Jaw, July 28.—An unidentified Canadian was killed by a hail of 12 feet from the top of the government elevator last evening. He was preparing to knock off after the day's work, a few minutes before six.

Callies Win Close Game From Scona
Eskimos Took Last of Quaker Series

SPORTS

Edited by Cliff Dunham.

"BIG SIX" NORTHRUP, PITCHING
"BY REQUEST," FAILED TO WINEskimos Take Three Out of Five From Quakers, and Close Series—
Score Was 3 to 1—Dave Kraft Pitched Swell Game, Fanning ..
Seven and Walking None—Red Sox Here Today.

His! Ha! What have we won another big win for the Es-Kee-Mos. Yes sire—Red Sox three in a row from the Quakers—and now for the Red Sox. They open a series here today.

About the game yesterday. . . It's just like a fellow that's asked to make a speech, he falls down head on it, but to get up on his own accord, he could speak all evening and make a real hit of it. So it was with "Big Six" Northrup last evening, he was pitching for the visitors "by request" and therefore feeling a greater responsibility and desire to deliver the goods, fell down badly and lost the game.

"Big Six" Northrup, by request, it was, and the score was 3 to 1 for the Es-Kee-Mos. And it was some game at that. Nice live baseball all the way, with the locals having the upper hand at all stages, and naturally that's what the fans like. There was something less than a thousand present to witness last night's contest, but that many saw a good game.

It was a pitcher's duel between "Big Six" and "Old Man" Kraft, and it was a case of age before beauty, for truly "old father time" have it over the Quaker all the way. It was the first full game that Kraft has been seen in for some time and he made the most of it, allowing not one free base, no error, and striking out seven batters. A life number did Northrup cause to shift the air, but the big right hander issued free passes to three. Kraft pitched the steeple game, for the most part, and was given good support.

Following the run of the earlier afternoon, the diamond was soft and the outfield slippery, both of which were the cause of more than one mishap. It took the Eskimos just one inning to get started, and so in the initial frame they gulched three runs and then settled down to keep the Quakers from catching up. And they pretty nearly succeeded, for the first error, and a single in the sixth frame. An error, a single, and a home run gave the Eskimos their early lead, the home run being contributed by no less a personage than first baseman Brooks, the ball going well to the outfield and bouncing over Harley's head, and going to the fence. This hit drove Povey in ahead, and Porter had first come in from second on Povey's single to center. Bill took a long chance in passing third, but made the circuit safely and in daring fashion.

Hits on either side were few and far between, each team collecting but four, many fouling being responsible for the shortage in safeties. Faber was again in the limelight at short for the home club, and made a number of fast and clean pickups that were good to look upon, and worked his bullet peg to the sack to perfection, although he made one low throw to that quarter. Mike Lemieux was also in the glowing, by pulling off two of the best catches behind the plate seen here this year. They were off the bat of Northrup and Lorenz, and were real efforts on the part of the Eskimos' hard working catcher, the first being entirely out of sight of the bleachers. A nice double play was also pulled by the visitors in the third inning. Harley to Lorenz to Hurley, cutting off Porter and getting Crum on the base.

The next thing on the program, ladies and gentlemen is a five-point series between the Eskimos and the Red Sox, which latter team is running in second place in the league race. The Quakers have left our fair city and gone to Olliville, 192 miles south on the C.P.R. to engage in a five-game series with the Ironies, who are thus far leading around at the bottom of the league. So now for the Red Sox, let's up and at 'em. Tonight at 6 o'clock.

CHANGED LINE-UP FOR CALGARY GAME

Strongest Team Possible Will be Taken South on Saturday for Second Inter-city Soccer Game.

Some changes have been made in the Edmonton team to meet Calgary on Saturday in the latter city, in the second and final inter-city soccer game. Donald Baker of the Radials, who played on the half line on Saturday, is moved back, replacing Whitehead at left half back, while Whitehead and Cowan replace Baker and McCurdy on the half line. The forward line will be the same as on Saturday.

Tickets for the Calgary special excursion are now on sale at \$4.40 for the round trip. Tom S. Davis has been appointed manager for the team on the trip, and J. Walker of the Radials will act as trainer.

Following is the line-up for Saturday. The players are asked to report at the Y.M.C.A. on Thursday evening at 8 o'clock:

Goal, E. W. Parker; backs, J. Kinsman and D. Baker; half backs, McPherson, W. Whitehead and Cowan; forwards, Collier, Sonnen, Tweedale, Dickie and Jewell. Reserve, J. Bradford.

CALLIES BEAT
SCONA 2 TO 1

In Senior Soccer Game Last Evening—Teams Were Evenly Matched.

In a strenuous soccer game in the senior league played on the old exhibition grounds last evening, the Callies defeated the Strathcona team two goals to 1. The play was very close throughout and the teams evenly matched.

There was no scoring done in the first period but after the interval Tweedale beat Woods twice in rapid succession, the first from a penalty and the second on a clean shot. The Scona goal came soon after when Hersely got through and beat Parker with a handy shot.

Referee Buckley who had charge of the game, lined the teams up as follows:

Callies—Goal, C. Parker; backs, Kinsman and Hunter; half-backs, McPherson, Whitehead and Sonnen; forwards, Collier, McTavish, Tweedale, Dickie and Davidson.

Strathcona—Goal, Woods; backs, Bradshaw and Mantle; half-backs, Loppin, Hardy and Price; forwards, Forrester, Hersely, Colls, Todd and Jorres.

RED SOX BEAT
BRONKS 7 TO 4

Turn the Tables After Calgary Had Won Three Games in Row.

Calgary, July 25.—After dropping three straight to the Bronks, the Regina Red Sox yesterday turned the tables, and with Ryan pitching wonderful ball defeated the locals 7 to 4.

After two were out in the third inning, J. Smith knocked out a home run into right field and tied the score. This started a swiftest which resulted in Gloomy Loomis being taken from the box, five runs scoring before the side was retired.

Gage came to the relief and pitched a fairly good game for the remainder of the contest, but his only notable error in the eighth inning, when Herriot knocked out a home run, scoring Casey Smith ahead of him.

Ryan grew stronger as the game progressed and in the final three innings fanned eight men.

The score by innings—
Regina 005 000 02-7 9 2
Calgary 012 001 00-4 8 3

Eight innings, game called darkness. Batteries—Ryan and Harris; Loomis Gage and Weinhold.

RIFLE SCORES
AT WINNIPEG

A. Houghton Makes 104 at the 200, 500 and 600 Yard Ranges.

Winnipeg, July 25.—The feature of the opening of the forty-fourth Manitoba provincial rifle association shoot yesterday was the remarkable performance of A. Houghton, of the 90th, who scored one less than a possible in the Taylor-Wynne match. His score was 104 over the 200, 500 and 600 yards ranges, a record on these ranges in the M.P.R.A. shoots, and is a really wonderful performance in view of the fact that the conditions were far from ideal.

J. Auld, Esq., with the fine score of 102, landed the Kelly cup for experts in the Winnipeg corporation match. In the same competition J. Allan, Moore place, and R. J. Hamilton, 90th, with 100 each, tied for first place for the Porto and Marle cup for tyros. The possible in this competition was 105.

Sons of England vs. S.O.S.

The following players will represent the Sons of England in the intermediate football game on Thursday evening at the South Side grounds: Shaw, L. Jennings, Buckingham, Adams, Parn, Collier, Smith, Merrick, Isa, Blitch, Goldstone and Murray.

RUGBY MEETING TONIGHT.

A meeting in the interests of rugby will be held tonight at 8:20 in the council chamber, when all those interested in the game are asked to be present. This includes members of the Eskimo rugby club, Edmonton Canoe club and any other person who wants to see the game go here this fall.

Sons of England vs. Radials.

The following team will represent the Sons of England this evening on the Old Exhibition grounds at 7 p.m.: Keall, Morgan, Gillespie, Eastman, Clibbery, Collingwood, Bradford, Gray, Ockenden, Coward and Asten.

Radials—Smith, Baker and S. Whitehead, McCallister, Lamb and Sault. Sinclair, J. Hutton, Sonnen, A. Hutton and Wilkie.

Old Country Cricket

Sheffield, Eng., July 25th.—(Cap.) In a county cricket match started here Monday, Yorkshire beat Somersetshire by an innings and 155 runs. The high scores for Yorkshire were: Hirst 107 (both 50 and 100) and 52. The two latter both took five wickets for thirty runs. Drake took four wickets for 21 runs.

Stallings Gets Pitcher

Boston, July 25.—Manager Stallings of the Boston National League team, announced last night the purchase of Cottrell, a left handed pitcher from the Baltimore International League club.

CHAMPIONS MEET
IN GOLF MATCHES

George S. Lyon of Toronto Shows Well in Western Tournament.

Grand Rapids, Mich., July 25.—Champions met in the first round of match play yesterday for the western amateur golf title, and the result was that four of the 16 contestants went to extra holes. One of them was a memorable duel between Chas. Evans, Jr. of Edgewater, Chicago, and J. E. Bole of Mayfield club, Cleveland, which was won by Evans on the 21st hole.

George S. Lyon of Toronto defeated P. H. Bankhart, Jr. of Midland, one up in 19 holes. D. E. Sawyer of Wheaton and R. E. Hunter of Pasadena, were the other winners in overtime battles.

The weather was splendid and the course in good shape. No low medal scores were made, as most of the golfers played carefully, avoiding the spectacular attempts which have marked the preliminary rounds.

In the pairings today Lyon will meet Albert Sevel of Riverside.

OFFERS MUCH BUT PAYS LITTLE YET BUSINESS PRUSSING

Appears That Produce "Firm" Has Once More Changed Its Name.

Will Be Brief But to Point in Pointing Out What is the Matter.

ASK NOTHING BUT TO REMOVE RESTRICTIONS Claim Agriculture Languages Because of Burdens Laid on Shoulders.

Winnipeg, July 29.—In connection with the visit of Sir Robert Borden and Sir Wilfrid Laurier to the west in the course of the next few weeks, arrangements have been completed by the organized farmers of Alberta, Saskatchewan and Manitoba, by which representative delegations will meet both the premier and the ex-premier and present to them the needs of the west as seen by the grain growers, at every point where they have a public meeting. This decision was arrived at a meeting of the Canadian council of agriculture, representing the grain growers' associations of all three provinces held in Winnipeg.

The program as at present arranged provides that the programme on the part of farmers will be very brief but to the point.

According to the council, the questions to be discussed will include the following:

1. The alleged serious condition on the agricultural industry of the prairie provinces.

2. The want tariff will be condemned and both political leaders will be urged to support legislation that will secure every possible market for the natural products of the west and particularly the farmers will ask that the American offer of free importation of wheat and wheat products be accepted immediately. The farmers will also urge that an effort be made to encourage closer trade between Great Britain and Canada by reducing the tariff on British imports to 10 per cent of the tariff imposed on the products from other countries.

The transportation question will be dealt with briefly and the farmers will ask for lower freight rates on the grain and on the Great Lakes as well as an amendment to the coastwise shipping regulations on the lakes.

Further plans on the part of the farmers will be completed as and when the itinerary of the trip is shown.

In discussing the proposed visit of Premier Borden and Sir Wilfrid Laurier, the Grain Growers' Guide editorially says, in part:

"Sir Robert Borden and Sir Wilfrid Laurier will not be allowed to pass through the prairie provinces without being told the western farmer's point of view. The plain unvarnished language of the soil and with true western spirit, that agriculture in this country is languishing, that our farmers are not securing even a decent return for their labor, and large numbers of them are being forced off the farms by adverse conditions. It will also be put up to Sir Robert and Sir Wilfrid in unmistakable terms, that the present serious conditions now prevailing in the rural west is largely due to the burdens which these two gentlemen, in their capacity of political leaders, have laid on the shoulders of the western people for the benefit of a small group of individuals in the financial centers of Quebec and Ontario. The two political leaders will not be asked to provide any special legislative favors for the western farmer. They will only be asked to remove restrictions which hamper the western farmers and prevent them from developing their comfortable homes, providing their families with ordinary necessities of life and sending their children to fair schools, the duties which will face them as they grow up."

The people of the prairie provinces are no longer satisfied to be herded into a legislative corral and plundered by the barons of special privilege and the two political leaders will be asked of perfection if they do not appreciate this fact before their western tours are completed.

No Election at The Pas. The Pas, Man., July 29.—There will be no election at The Pas. William Currier, liberal candidate, has placed his name in the hands of the returning officer David Clark, who declares Dr. Cook, conservative, elected by acclamation. Mr. Currier left this afternoon for the west.

Peace Agreement in Mexico. Washington, July 29.—General Carranza and Provisional President Carranza have agreed on a base for the arrangement of peace in Mexico, according to a message received here today by Joe Castellar, personal representative of Carranza.

Need Not Rain in Manitoba. Souris, Man., July 29.—Light rain fell here all night and at ten o'clock this morning a heavy rain started with prospects of continuing. The moisture will do amount of good, as the crops are being damaged with the terrible heat of the past week.

Paris Editor Dead. Paris, July 29.—Adrien Hebrard, editor of the Temps, former senator and one of the leading journalists in France, died today at the age of 80. He had been managing editor of the Temps since 1870.

Roche, Mr. Improved. Rochester, N.Y., July 29.—The condition of Hon. Dr. Roche, Canadian minister of the Interior, who underwent an operation here for a hernia slightly improved this morning.

Twenty-five Are Killed. Tudela, Spain, July 29.—Twenty-five people were killed and 50 others injured, some of them fatally, in the explosion of fireworks during a local festival today. Several persons were decapitated by the explosion.

WINES, TRAINS TO RUN THROUGH FROM HERE TO MONTREAL

Canadian Northern Places Big Order for Most Modern Equipment.

SEVEN OBSERVATION CARS WILL BE PUT ON Successful Tenderers All Canadian Firms—Quick Delivery is Asked.

Winnipeg, July 29.—The Canadian Northern Railway will be running the finest and most modern trains possible for service to and from Montreal, Toronto and other points. The order consists of seven observation cars, two compartment sleepers, two compartment sleepers, 11 standard sleepers, seven tourist cars, seven dining cars, seven dining cars, 12 first-class coaches, five second-class coaches and 15 baggage cars. It will be all of the most modern type, with steel underframes and electric light.

In addition to the above-mentioned equipment, eight steel tunnel cars have been ordered from the Preston Car and Coach company. These tunnel cars will be used in operating the tunnel to Montreal under Mount Royal.

The equipment for the train to Montreal will be used in the transcontinental service as the Canadian and the American National Steam Car company, the Crossen Car company and the Preston Car and Coach company—all Canadian firms.

THIRTY CHINAMEN HAVE THEIR CASE DISMISSED TODAY

Pon Yen, Edmonton's wealthy Chinaman, and 29 fellow countrymen, all of whom were charged in the raid several weeks ago at 151 Nanaimo avenue, appeared this morning for the last time before magistrate Macleod, and were dismissed. Pon Yen was charged with aiding and abetting a gambler, and the other 29 were charged with being inmates. The case has been in the courts for some time, having been adjourned from time to time and finally tried and dismissed.

Harry Robertson and Walter Winkler appeared for the accused, and prosecuting attorney Evers for the city.

After extensive tests it has been found that yellow made of a yellowish green glass are the best to protect the eyes from ultraviolet rays and the inside of the lens encountered in steel and iron working.
